Copies of the Primer distributed to various stakeholders' associations, external auditors and importers. • Revision of PEAG's Audit Manual currently ongoing. • Trained a total of 24 PEAG Customs Personnel in Post Entry Audit Technique and Post Entry Audit of Customs in Nagoya, Japan. • Prepared draft memorandum of agreement (MOA) with BIR on conduct of joint audit of importers.
PNP's Capability Enhancement for Firearms Control in the Philippines <ul style="list-style-type: none"> • Trained 38 police officers in the ballistics sampling seminar conducted by Japanese Short-term experts • Tested and stenciled 42,416 newly-registered firearms • Provided improvement in maintenance of bullet samples as a result of 81,000 pieces of Pockets for Standard Bullets/Cartridge cases • Formulated items and formats for installing and gathering data on ballistics samples of registered firearms and evidence bullets • Encoded 80 registered firearms and 13 evidence bullets in the ballistics database of the Comparison Microscope • Examined 263 firearms identification cases • Conducted training on restoration of obliterated serial numbers for 116 examiners • Issued a memorandum to Chiefs of Regional Crime Laboratory Offices of Regions 1, 3, 4A, 6, 7, & 8 for the adoption of an electro-chemical polishing method for restoration of obliterated serial numbers • Conducted 31 cases of electro-chemical polishing examination for firearms
Project to Build-up the PNP's Operation of the Automated Fingerprints Information System (AFIS) <ul style="list-style-type: none"> • Registered a total of 530 latent print cards in 2010, increasing total registered latent print cards to 12,074 (11,544 as of December 2009, plus 530 in 2010) • Registered a total of 52,929 ten print cards in 2010, increasing total registered ten print cards to 592,455 (539,526 as of December 2009, plus 52,929 in 2010). Of the 592,455 ten print cards, 222,008 were classified as "criminal", while 337,447 were classified as "non-criminal" • Corrected 120,322 of encoded data • Deleted 2,704 erroneous data • Conducted a series of five (5) – day seminars on Scientific Method of Processing Fingerprint and Crime Scene Investigation. The seminars were conducted in the following Police Regional Offices (PRO) 3, 4A, 4B, 6, 7, 11, 12, 13, and NCR. The seminars were participated in by a total of 565 PNP Personnel. • Dispatched experts on: (a) AFIS Operation; (b) AFIS Training; and (c) Fingerprint Photography

Governance and Institutional Development

Project on Enhancing the Capacity for Collection and Application of Fingerprints

- Assigned the Eastern Police District as a Model Police District in fingerprint collection
- Provided equipment to EPD

Science and Technology

Enhancement of Earthquake and Volcano Monitoring and Effective Utilization of Disaster Mitigation Information in the Philippines

- Installed broadband seismometers in 5 seismic stations (Virac, Catanduanes; Pagadian, Zamboanga del Sur; Jordan, Guimaras; Bataraza, Palawan; and Lubang Island, Occidental Mindoro)
- Established GPS network consisting of 15 points along the Philippine Fault in eastern Mindanao
- Conducted GPS campaign observations in March 2010
- Installed 2 GPS continuous sites in Butuan and Tandag
- Installed GPS, seismic, electromagnetic and infrasound sensors in Taal volcano
- Conducted survey of non-engineered residential houses in Manila and Mindanao
- Dispatched twenty (20) Japanese experts

Improvement of Flood Forecasting and Warning System in Pampanga and Agno River Basins – Phase I and II

- Completed construction of the Pampanga River Flood Forecasting and Warning Center (RFFWC) including rainfall, water level and repeater stations.
- Completed construction of, and installation of equipment, at Agno RFFWC.

Strengthening of Flood Control Forecasting and Warning System for Dam Operations

- Transferred supervisory warning console from Binga to San Roque Dam
