

**Investment Coordination Committee (ICC) / NEDA Board
Approved Projects (Duterte Administration)
July 2016 to March 2022**

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
1	Modernization of Gov. Celestino Gallares Memorial Hospital (GCGMH) Project	The proposed modernization of the GCGMH will involve: a. Transfer to a new 5-hectare Provincial Government lot in Bgy. Malayo Norte, Municipality of Cortez, Bohol b. Expansion of hospital to 500-bed medical center (old: 225-bed capacity) c. Site development, warehouse building, medical equipment, IT systems.	DOH	2,219.32	LFP	Region VII
2	Eastern Visayas Regional Medical Center (EVRMC) Modernization Project	The modernization of this regional medical center is a needed investment in order for Eastern Visayas, as one of the poorest regions of the country, to catch up on the Millennium Development Goals of improving maternal health and decreasing infant mortality especially for indigent households. The modernization of the EVRMC will involve: a. Expansion of hospital to 500-bed capacity medical center (old: 325 bed capacity) b. Transfer to new site: Barangay Cabalawan, Tacloban City 31,123sqm (old: 12,876 sqm) c. New IT System: computerization back and front office systems, finance, personnel, etc. d. New Hospital with Medical Equipment (e.g., CT scan, Laparoscopic Tower, endoscopy, etc.).	DOH	2,396.75	LFP	Region VIII
3	Improvement/ Widening of General Luis Road (Quezon City to Valenzuela City) Project	The project will improve the road condition and ease traffic flow in the 8.89-kilometer General Luis-Kaybiga-Polo-Novaliches Road, which runs from Quirino Highway in Quezon City to General MacArthur Highway in Valenzuela City. The project involves widening of the following road sections with two lanes to four lanes and intermittent sections (mostly at intersections) with four lanes to six lanes: 1) Quirino Highway to Mindanao Ave. Ext. Intersection; 2) Mindanao Ave. Ext. Intersection to North Luzon Expressway (NLEX) Valenzuela Interchange; 3) NLEX Valenzuela Interchange to Gen. MacArthur Highway. It shall also improve the condition of the undivided carriageway from "fair" to "good" condition.	DPWH	2,956 (based on 24/7 Work Schedule)	LFP	NCR, Region III

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
4	<p>Bicol International Airport Project</p> <p>- Proposed Increase in Passenger Terminal Building (PTB) Area of Bicol International Airport Project</p>	<p>(The project was originally approved during the Aquino Administration. Request for Increase in PTB Area approved during Duterte Administration)</p> <p>DOTr proposal in 2016: Construction of a new domestic-Principal Class 1 airport of international standards in Daraga, Albay, increases the airport's PTB floor area from the original 5,250 square meters to 13,220 square meters. It will also extend the runway from 2.1 kilometers to 2.5 kilometers. The project also involves the redesign of the navigation aids, security equipment and airport rescue and fire fighting vehicle to comply with current standards.</p> <p>The project will involve the construction of a new domestic-Principal Class 1[1] airport of international standards in Daraga, Albay to replace the existing Legazpi Airport due to its limitations and safety concerns. It involves the following:</p> <ul style="list-style-type: none"> a. Construction of landside and airside facilities; b. Passenger and cargo terminal buildings and related facilities/equipment; c. Security and navigational aids equipment; d. Detailed engineering design; and e. Land acquisition for the airport compound. 	DOTr, CAAP	4,798.01	LFP	Region V
5	<p>Malitubog-Maridagao Irrigation Project, Stage 2</p>	<p>(Project originally approved during Aquino Administration. Request for Change in Project Cost and Scope approved during Duterte Administration)</p> <p>The project is located in the North Cotabato and Maguindanao areas, which are potential rice baskets in Mindanao, and will irrigate almost 10,000 hectares of land in 56 conflict-affected areas. Intended to contribute to sustained peace and order, it will cover the construction of three major service areas, which are in upper and lower Malitubog, and the Pagalungan extension area.</p> <p>NIA proposal (2016): Change in project cost and scope. The change includes an increase in the design area and a decrease in total cost from the NEDA Board-approved PhP7.0 billion in 2010 to PhP 5.4 billion.</p>	NIA	5,444.84	LFP	ARMM, Region XII

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
6	Improving Growth Corridors in Mindanao Road Sector Project	The project involves the upgrading of seven roads (gravel to concrete) with total of 236.5 kms, and one road widening of a 40km segment with slope protection, to provide more direct routes and open areas for development in Mindanao, and business process innovation.	DPWH	25,257.22 (including PhP4,062.87 million Tawi-Tawi Bridges)	ODA	Region IX
7	Scaling-Up of the Second Cordillera Highlands Agricultural Resources Management Project (CHARMP2) + Six-month extension of the implementation period, from 31 December 2020 to 30 June 2021, and six-month extension of the project loan validity, from 30 June 2021 to 31 December 2021	The project scaling up will cover 18 new barangays in 18 municipalities covered by the ongoing CHARMP 2 in the Cordillera Region. Also, the Social Mobilization and Participatory Investment Planning component of the project has additional activities to be implemented in the 9 barangays already covered under CHARMP 2. Project components include: a. Social Mobilization and Participatory Investment Planning; b. Agroforestry Development; c. Agriculture Agribusiness and Income Generating Activities (AAIGA); and d. Rural Infrastructure Development (RID)	DA	601.09	ODA	CAR

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
8	Education Pathways to Peace in Conflict-Affected Areas of Mindanao (PATHWAYS)	<p>The program will develop institutional capacity and strengthen critical systems essential for improving equitable access to and the quality of educational services in the primary grade levels (K-3) in the ARMM. It will strengthen the capacity of key actors in order to:</p> <ul style="list-style-type: none"> (i) Provide the education services needed to address issues of educational performance and equity; (ii) Utilize appropriate processes to engage and collaborate with stakeholders; (iii) Strengthen data availability and use to inform decision-making; and (iv) Create space for local creativity and innovation to improve basic education access and quality. 	DepEd	3,465.00	ODA	ARMM
9	Infrastructure Preparation and Innovation Facility	<p>The IPIF is a facility that will support project development and implementation of key infrastructure projects. IPIF support will cover such aspects as:</p> <ul style="list-style-type: none"> 1. Feasibility assessment, feasibility study; 2. Detailed engineering design, including safeguards, project structure, economic analysis, financial assessment, procurement plan and implementation arrangements; 3. Preparation of procurement documents ready for tendering; and 4. Due diligence reviews of feasibility studies and detailed engineering designs. 	DOF	7,919.20	ODA	Nationwide

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
10	Request for 18-month validity extension of ADB Loan for the Road Improvement and Institutional Development Project (RIIDP)	<p>(Project originally approved during Aquino Administration. Request for Loan Validity Extension approved during Duterte Administration)</p> <p>The project involves: (a) improvement/reconstruction of 11 road sections (10 contract packages) along nine national roads with a total length of about 339.804 km under the Asset Preservation (AP) component; (b) conduct of Detailed Engineering Designs (DED) for AP and Road rehabilitation/improvement (RI) of 14 road sections; and, (c) Institutional Capacity Development (ICD) in support of DPWH's mandate and development objectives.</p> <p>ICC Approval (2014): (a) change-in-scope - deletion of six (out of eight) sub-components under Institutional Capacity Development (ICD) and inclusion of the reconstruction/replacement of typhoon-damaged Macasoy Bridge along Dipolog-Oroquita Road in Zamboanga del Norte; and, (b) increase in cost by 11.11 percent from PhP6,241.07 to PhP6,934.68 million.</p> <p>ICC Approval (2016): Two-year loan validity extension with the understanding that there shall be no additional cost involved during said extension period.</p> <p>ICC Approval (2017): 18-month loan validity extension (Second revised and final extension) of the ADB loan from June 30, 2017 to December 30, 2019.</p>	DPWH	6,934.68	ODA	Nationwide

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
11	<p>Priority Bridges under the Pasig River, Marikina River and Manggahan Flood Bridges Construction Project (Binondo-Intramuros and Estrella-Pantaleon Bridges)</p> <p>+ Request for Seven-month extension of the project completion (from 19 February 2021 to 17 September 2021)</p>	<p>Binondo-Intramuros Bridge. Construction of a Steel Bowstring Arch Bridge with intersecting reclining arches supporting a 4-lane deck of approximately 725 lineal meters to connect Intramuros side (at Solana Street and Riverside Drive) and Binondo side (at San Fernando Street with a viaduct over the creek adjacent to Muelle del Binondo)</p> <p>Estrella-Pantaleon Bridge. Replacement of the existing 2-lane bridge by constructing a new 4-lane bridge to increase road network capacity connecting Makati City at Rockwell Center and Mandaluyong City at Barangka Ibaba.</p>	DPWH	5,974.41	ODA	NCR
12	<p>Change in Scope, Cost and Financing Arrangements for the Arterial Road Bypass Project Phase II</p>	<p>(Project originally approved during Aquino Administration. Request for Change in Scope, Cost, and Financing Arrangements approved during Duterte Administration)</p> <p>DPWH Request DPWH proposed the inclusion of the detailed design and construction works for the widening into four lanes of the Angat Bridge and its approach roads, and a smaller bridge, in the scope of the ongoing ARBP Phase II.</p> <p>To enable DPWH to fast-track the implementation of the additional scope of works by utilizing available financing under the current PHP-250, DPWH proposed to finance the implementation of the scope of works (i.e., widening as approved under ARBP Phase III) using the projected JpY574.07 million savings from the ARBP Phase II loan, and a supplemental loan to be requested from JICA amounting to JpY2,324 million.</p> <p>Cost of this additional scope for this project was included in the Loan Agreement for ARBP 3</p>	DPWH	<p>New TPC: PhP4,364.26 million (incl. CP III)</p> <p>Original TPC: PhP3,341.00 million</p> <p>PhP1,276.02 cost of CP 3 is included in the cost of ARBP 3)</p> <p>Add'l Rqmnt: PhP252.76 million* (JP¥574.07 million from savings) + PhP1,023.26 million* (JP¥2,324 million from supplemental loan)</p>	ODA	Region III
13	<p>Cavite Industrial Area Flood Risk Management Project (CIA-FRMP)</p>	<p>The project area is about 151.5 square km and involves the (i) Improvement of the San Juan River channel, and (ii) Improvement of drainage for Maalimango Creek.</p>	DPWH	9,891.50	ODA	Region IV-A

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
14	Request for Extension of the Loan Validity and Implementation Period of the KEXIM-EDCF Loan for the Construction Samar Pacific Coastal Road Project (a) Extension of Loan Validity and Implementation Period, (b) Increase in Cost (c) 12-month implementation period extension, 11-month loan validity extension, and loan reallocation	<i>(Project originally approved during Aquino Administration. Request for Extension of Loan Validity and Implementation Period, and Increase in Cost approved during Duterte Administration)</i> The project involves the construction of 11.30km of the unpaved section of the Samar Pacific Coastal Road. It also includes the construction of three bridges with a total length of 261 linear meters. DPWH Request (2017): -DPWH requested for a 24-month loan validity extension and implementation schedule and change of scope DPWH Request (2019): -DPWH requested the following: a. 24-month extension, from January 17, 2020 to January 17, 2022, of the validity of the loan, b. 18-month extension of the project implementation period from December 31, 2019 to June 30, 2021, and c. 9. PhP93.33 million increase in project cost.	DPWH	1,241.46	ODA	Region VIII
15	Metro Manila Flood Management Project (MMFMP), Phase I	This project includes the rehabilitation of pumping stations located in Manila, Pasay, Taguig, Makati, and Malabon through the replacement of pumps, and the construction of new pumping stations in Manila, Pasay, Pasig, Mandaluyong, San Juan, Caloocan, Valenzuela, and Quezon City. It will also minimize solid waste in waterways to reduce flood risks. The project also involves participatory housing and resettlement. The project has the following components: a. Rehabilitation of 36 pumping stations through replacement of pumps and construction of 20 new pumping stations; b. Minimize solid waste in waterways; c. Participatory housing and resettlement; and d. Project management, support and coordination.	DPWH, MMDA, HUDCC, DILG	23,500.00	ODA	NCR

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
16	New Communications, Navigation and Surveillance/Air Traffic Management (CNS/ATM) Systems Development Project: 30-Month Loan Validity Extension and Reallocation of Funds	<p>The project involves the following components:</p> <p>Package 1 – Construction of Air Traffic Management (ATM) Automation System and construction of the Manila ATM Center Building in Pasay City near NAIA</p> <p>Package 2 – Installation of the Communications equipment and surveillance equipment in the 4 radar sites (Tagaytay, Palawan, Zamboanga, and Davao)</p> <p>The DOTr is requesting a 30-month loan validity extension from May 2017 to November 2019, and reallocation of PhP1,430.66 million from "Contingencies" to other components of the project.</p>	DOTr	10,869.29	ODA	Nationwide

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
17	Cebu Bus Rapid Transit (BRT) (a) Increase in Cost (b) 24-month extension of loan validity of the AFD loan (from 31 March 2021 to 31 March 2023) and loans from World Bank-International Bank for Reconstruction and Development and Clean Technology Fund (from 30 June 2021 to 30 June 2023)	(Project originally approved during Aquino Administration. Request for Increase in Cost and extension approved during Duterte Administration) The Cebu BRT Project will establish and implement a BRT system over a 22.96-km corridor that traverses through Cebu City's central business district (CBD), from Bulacao in the South West and Talamban in the North East. DOTr Proposal (2017): DOTr is requesting for an increase in project cost from PhP 10,617.96 million to PhP 16,309.11 million due to: a) "Force Majeure" event, i.e., the signing into law of the Republic Act (RA) No. 10752, otherwise known as "The Right-of-Way (ROW) Act"; b) Change in foreign exchange rate from 2012 exchange rate of USD1.00 = PhP43.00 to current exchange rate of USD1.00 = PhP50.00	DOTr	16,309.11 from original cost of PhP10,617.96 million	ODA	Region VII

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
18	<p>New Bohol (Panglao) Airport Construction and Sustainable Environment Protection Project</p> <p>+ Change in Scope of the New Bohol Airport Construction and Sustainable Environment Protection Project (NBACSEPP)</p> <p>+ Request for Additional Financing (Supplemental Financing)</p>	<p>(Project originally approved during Aquino Administration. Change in Project Scope approved during Duterte Administration)</p> <p>DOTr proposal in 2016:</p> <p>a. Extension of runway (2 km to 2.5 km);</p> <p>b. Changes in PTB from single-storey to two-storeys with Passenger Boarding Bridges and expansion in floor area from approximately 8,400 square meters to approximately 13,300 square meters; and</p> <p>c. Increase in total project cost from PhP7,440.29 million to PhP7,772.91 million</p> <p>DOTr Proposal in 2018:</p> <p>Supplemental loan of about PhP1,231 million from JICA, to address the financing shortfall for the civil works component of the project. The financing shortfall was brought about by foreign exchange fluctuation from 2012 to 2016 and the increase in cost of construction works in CY 2017. The scope of the project includes:</p> <ul style="list-style-type: none"> · ROW acquisition · Landside Facilities (vehicle parking area, drainage system, access roads, etc.) · Airside facilities (runway, aircraft parking area, taxiways, etc.) · Building and Other Structures (passenger terminal bldg, admin bldg, air traffic control tower, etc.) · Airport Utilities (water supply, electrical supply, etc.) · Detailed Engineering Design · Visual and Navigational Aids for Precision Category I airport 	DOTr, CAAP	8,914.67	ODA	Region VII

21	Jalaur River Multipurpose Project, Stage II Extension of Loan Validity and Implementation Period	<i>(Project originally approved during Aquino Administration. Request for Extension and Loan Validity period approved during Duterte Administration)</i> Irrigation facility designed with provisions for a future hydro-electric power plant and bulk water supply, both being considered for public-private partnership (PPP) implementation as part of the Jalaur River development program. Involves the construction of the following: (i) high dam and reservoir, (ii) afterbay dam, (iii) catch dam, (iv) 81-km high line canal, (v) penstock between the high dam and the after bay dam that is ready for a future hydroelectric power plant, and (vi) connection from the highline canal to a raw water reservoir in Sta. Barbara, Iloilo for potential bulk-water supply connection with the Metro Iloilo Water District (MIWD); - The project also has a component for strengthening of existing Irrigators' Associations (IA), as well as community organizing towards IA formation in new areas.	NIA	No change in cost NB-Approved Cost 11,212.13	ODA	Region VI
22	Integrated DisasterRisk Reduction and Climate Change Adaptation (IDRR-CCA) Measures in Low-Lying Areas of Pampanga Bay (EDCF L/A No. PHL-17) (a) Change in Scope (b) Change in Cost (c)Loan Validity Extension	<i>(Project originally approved during Aquino Administration. Request for Change in Scope and Cost and Loan Validity Extension approved during Duterte Administration)</i> The project has two major components, i.e., the establishment of flood control measures and the rehabilitation of school buildings. The project area covers four municipalities in Pampanga, including Macabebe, Masantol, Minalin and Sto. Tomas	DPWH	Revised Total Cost: PhP6,150.78 M (ODA Financing - KEXIM-EDCF) Original: PhP4,214.86 million (NB confirmed total cost on November 21, 2013)	ODA	Region III

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
23	Proposed Restructuring for the Integrated Natural Resources and Environment Management Project (INREMP)	<p>(Project originally approved during Aquino Administration. Request for Project Restructuring approved during Duterte Administration)</p> <p>Adopts the ridge-to-reef approach which aims to operationalize an Integrated Environmental Management (IEM) within the priority watersheds of the four critical river basins, i.e., (i) Chico River Basin; (ii) Bukidnon River Basin; (iii) Wahig-Inabanga River Basin; and (iv) Lake Lanao Watershed.</p> <p>ICC Approved Restructuring:</p> <ul style="list-style-type: none"> i. Partial cancellation of the Asian Development Bank (ADB) and International Fund for Agricultural Development (IFAD) loans, and the Climate Change Fund (CCF) Grant, in the amount of at least USD56 million; ii. Reduction in natural resource management (NRM) and rural infrastructure (RI) targets; iii. Partnership with the Department of Trade and Industry (DTI) for the livelihood sub component; and iv. Fund reallocation of the ADB funds to finance areas in the Upper Bukidnon River Basin, originally financed by the IFAD. 	DENR	As originally approved by the NB: PhP7,244.22 M	ODA	Nationwide
24	Clark International Airport Expansion Project (as approved by the Joint ICC-TB on 23 April 2015, the project was entitled Clark International Airport New Passenger Terminal Building)	The project has a design capacity of 8 million passengers per annum and 82,600 square meters terminal building floor area, with BCDA funding the remaining investment requirement for the project amounting to PhP12,550 million	BCDA DOTr	PhP15,354.48 million (in nominal prices); with BCDA funding the investment requirement of PhP12,550 million	PPP	Region III
25	New Configuration of the LRT Line 1 North Extension Project – Common Station / Unified Grand Central Station (North Extension Project) Extension of the completion of the project from April 2019 (exclusive of defects liability period [DLP]) to December 2021- (exclusive of two-year DLP)	<p>(Project originally approved during Aquino Administration. Request for Project Configuration approved during Duterte Administration)</p> <p>The proposed new configuration includes a total concourse area of 13,700 square meters connecting the LRT Line 1 North Extension, MRT 3, and MRT 7 on the corner of North Avenue and EDSA.</p>	DOTr	2,800.00	LFP	NCR

26	Mindanao Railway Project: Tagum - Davao - Digos (MRP-TDD) Segment + Increase in Cost and Change in Scope of the MRP-TDD Segment	The MRP-TDD forms the first phase of the proposed 830-km MRP loop. The project involves the establishment of a 102.28-kilometer commuter railway from Tagum City in Davao del Norte to Digos City in Davao del Sur. 2017 Approval: Implementation using local funds 2018 Approval: Shift in project financing from local funds to ODA 2019 Approval: Increase in cost of the project from PhP35,910.61 M to PhP81,686.31 M, with a single-track configuration and the Davao Satellite Depot, but without provisions for a second track and electrification	DOTr	81,686.31	ODA	Region XI
27	Lower Agno River Irrigation System Project	The project is a diversion-type irrigation dam which will enable natural water to flow through irrigation networks. It also involves rehabilitation/restoration of LARIS includes improving the lining along main canal, laterals, and sub-laterals, and the construction of appurtenant structures. Drainage will be improved by straightening and enlarging natural waterways. The project will develop 7,519.45 hectares of new irrigation service areas and rehabilitate 5,130.55 hectares.	NIA	3,500.00	LFP	Region I, Region III

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
28	Expansion of the Philippine Rural Development Project	<p>(Project originally approved during Aquino Administration. Request for Increase in Project Cost and Change in Scope approved during Duterte Administration)</p> <p>While there was an approval in the previous Admin, the expansion was considered as new Project.</p> <p>DA Proposal in 2016: Additional fund allocation of PhP20,925 million for Infrastructure Development and Project Support. The project is proposed to add 206 farm-to-market roads to reach a total of 386; 24 market roads and bridges for a total of 44; 2 rural road bridges (tofor a total of 8); 5 communal irrigation systems (tofor a total of 7); 17 level 2 potable water supply (tofor a total of 27); and 65 other agricultural support infrastructure (tofor a total of 129).</p> <p>To achieve its objectives, the PRDP implements four inter-related components, namely: a. Local and National Planning (I-PLAN); b. Infrastructure Development (I-BUILD); c. Enterprise Development (I-REAP); and d. Project Support (I-SUPPORT)</p>	DA	20,925.00	ODA	Nationwide

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
29	Safe Philippines Project, Phase 1	The project entails the construction of the following: a. An Integrated Operations and Command Center for the National 911 Public Safety Answering Point (PSAP), DILG, Philippine National Police (PNP), Bureau of Fire Protection (BFP), and Bureau of Jail Management and Penology (BJMP); b. 16 City-level Command Centers in Metro Manila (with option to add two, once agreements are reached with target LGUs); c. Video surveillance system linked via a dedicated communications infrastructure; and d. Data center with remote backup data center.	DILG	20,313.92	ODA	NCR, Region XI
30	Arterial Road Bypass Project - Phase III - Request for Change in Source of Financing (formerly Plaridel Bypass Road Project)	The Plaridel Bypass road is an arterial road of 24.61 km that will link NLEX in Balagtas, Bulacan with the Philippine-Japan Friendship Highway (PJFH), also called Maharlika Highway, in San Rafael, Bulacan. It will bypass the town proper of Plaridel and urban areas of Pulilan, Baliuag, and San Rafael along the existing Maharlika Highway, thus alleviate perennial traffic congestion at the core urban areas along PJFH. The Phase III of the Plaridel Bypass Road Project includes upgrading the existing road by expanding from 2-lane to 4-lane carriageway national road.	DPWH	5,260.64 (TPC for Contract Packages I, II, III, & IV)	ODA	Region III
31	Metro Manila Bus Rapid Transit (BRT) – EDSA	The project involves the construction of dedicated lanes with busways, depots, and as much as 63 stations/terminals. These lanes include one lane per direction between stations, and two lanes per direction at stations. The project will also procure high-quality and high-capacity buses, install smart signaling system at intersections and central control system, and provide contactless automatic fare collection system. Note: EDSA route is 48.6 kms.	DOTr	37,760.00	ODA	NCR
32	Malolos-Clark Railway Project (PNR North 2)	The project involves the construction of a commuter line and airport express railway between Malolos and Clark Green City (CGC) through Clark International Airport (CRK) of a total of 69.5 km. The project components includes; (i) Civil works for the construction of the tracks, (ii) Communication and signalling facilities, (iii) Procurement of 206 Electric Multiple Units (EMUs) or rolling stocks, and (iv) Operations and Maintenance. It is composed of 2 Phases: Phase I – Malolos to Clark International Airport (50.5 kms) Phase II – Clark International Airport to Clark Green City (19 kms)	DOTr	211,425.20	ODA	Region III

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
33	PNR South Long Haul Project (formerly North-South Railway Project (NSRP)-South Line)	Approved the following modifications on the project: a. South Commuter (Tutuban- Los Banos) - 72 km, Standard (1,435mm), fleet count of 16 trains and 8-car, with max speed of 120 kph, train capacity of 2,242 passengers at 7pax/m2, signaling is ETCS Level 2, power supply is 1.5kV DC, Overhead Catenary. b. South Long Haul (Los Banos - Bicol, Sorsogon, Batangas - Route Length: (A) Manila-Legazpi (464 km) (B) Legazpi-Matnog (117 km) (C) Los Banos-Batangas (58 km) - Gauge is Standard (1,435mm), Fleet Count is 7 trains and 8-car, Signaling is ETCS Level 1.	DOTr	175,318.00	ODA	NCR, Region IV-A, Region V
34	New Cebu International Container Port	The project aims to add to the current Cebu International Port twenty-foot equivalent unit (TEU) container yard capacity of 7,373 TEUs to 14,400 TEUs. The new international port built on 25 has. reclaimed land (Barangay Tayud, Mun. of Consolacion, Cebu), with 500m berth length to accommodate two 2,000 TEU vessels; 4 quay cranes and superstructures (operation bldg., gate complex, weigh bridge, maintenance factory; and 1,450 meter inland access road and 300 meter offshore bridge.	DOTr-CPA	9,194.67	ODA	Region VII
35	Metro Manila Subway Project (MMSP) – Phase 1 (a) Increase in total cost from PHP 357.0 billion to PHP 488.5 billion (b) Changes in scope and design (c) Extension of implementation period by 23 months (from 2018-2027 to 2018-2029)	The project is a 25.3 km subway, which will run from Mindanao Avenue in Quezon City to FTI in Taguig then to NAIA. Project component includes: civil works; electromechanical, signaling, and telecommunications system; station facilities; depot facilities; land acquisition; and procurement of rolling stock. 84	Development Objective Assistance Agreement (DOAg) for Enhanced Ecosystem and Community Resilience	The Development Objective (“Objective”) to be achieved through this grant agreement is “Enhanced Ecosystem and Community Resilience”. It aims to protect ecosystems, and build the capacity of people, communities and institutions to withstand, cope and recover from shocks and stresses from natural disasters and climate change so that people and ecosystems thrive.	NEDA	10,102.80	ODA	Nationwide
85	Philippine Customs Modernization Project (A Roadmap Towards Bureau of Customs [BOC] Full Automation in 2024)	The project involves the following components: a. Development, implementation, operation and maintenance of a new Customs Processing System (CPS) and related infrastructure, and strengthening of value-added functions; b. Development, implementation, operation and maintenance of a Administrative Back-office Enterprise Resource Planning (ABERP) System, including the preparation of a comprehensive human resource development strategy and implementation plan to develop the competencies needed in support to the overall modernization program; c. Establishment of a Data Center and Network Infrastructure; d. Establishment of two Remote Image Analysis Centers (RIACs) (i.e., one at the main office and one in Visayas) and modernization of the Bureau’s non-intrusive inspection system; e. Preparation of human resource development strategy and implementation plan, and development of a comprehensive training curriculum for Customs officers and staffs to support the professionalization and strengthening of Bureau’s human resource; and f. Establishment of a project management unit to support the Bureau to effectively manage and implement the project.	BOC	5,449.49	ODA	Nationwide
86	Health System Enhancement to Address and Limit (HEAL) COVID-19 Project Change in project scope, reallocation of cost, and additional financing of the project amounting to USD 300million.	The objectives are envisioned to be achieved by implementing activities organized into three outputs, as follows: Output 1: Disease surveillance and diagnostic capacity upgraded; Output 2: Infection prevention and control measures expanded; and Output 3: Treatment capacity of COVID-19 scaled up.	DOH	6,353.75	ODA	Nationwide
87	Beneficiary FIRST! (Fast, Innovative, and Responsive Service Transformation) or COVID-19 Emergency Social Protection Project (ESPP)	The project has three main components, namely: a. Component 1: Support to 4Ps; b. Component 2: Support to DSWD activities, operational costs, procurement, and capacity building; and c. Component 3: Contingency Emergency Response Component (CERC).	DSWD	1,004.00	ODA	Nationwide

89	Additional Financing for Kalahi CIDSS National Community Driven Development Project (KC-NCDDP) formerly known as Community-Based Response to COVID-19 (CBRC)	The CBRC is a comprehensive community-based assistance program to poor LGUs. It is patterned after the KCNCDDP, as its parent project, in terms of its objectives, design elements and approach for implementation. This will continue the gains from KC-NCDDP activities, but this time, CBRC sub-projects will focus more on activities and interventions that will address the impacts of COVID-19 pandemic.	DSWD	27,584.00	ODA	Nationwide
90	LRT Line 1 South Extension Project (a) Three-year extension of loan validity of ODA-component (b) Extension of the completion of the project's construction period (from April 2016 to December 2021 for Package 1, and to December 2024 for Packages 2 and 3)	The project involves the construction of approximately 11.7-km railway line from its tie-in point at the terminus of LRT Line 1 at the Baclaran Terminal to Niog Station in Bacoor, Cavite, of which approximately 10.5-km will be elevated and 1.2-km will be at-grade. The LRT Line 1 South Extension Project is designed to be implemented through a hybrid ODA/PPP arrangement. The private sector is responsible for the project's civil works and electromechanical system, and the DOTr-LRTA, with JICA assistance, is responsible for the procurement of rolling stocks and depot construction/expansion	DOTr	64,915.43	ODA/PPP	NCR, IV-A
91	Request for three-year extension of loan validity of LRT Line 2 East Extension Project (a) Three-year extension of loan validity (b) Five-year extension of project completion, from 2016 to 2021, exclusive of one-year defects liability period (DLP) for civil works and two years DLP for electro-mechanical systems)	The project involves the construction and design of 3.793-km viaduct, two stations, and procurement of trackworks, electromechanical systems, and integration with existing LRT Line 2 system.	DOTr	9,759.31	ODA	NCR

92	Philippines Seismic Risk Reduction and Resilience Project	<p>The project aims to enhance the safety and seismic resilience of selected public buildings in Metro Manila and enhance the capacity of the DPWH to prepare for and respond to emergencies. The proposed project involves structural/seismic strengthening of public buildings, and retrofitting that will contribute to an overall reduction of the estimated impacts of earthquakes (particularly, “The Big One” scenario) on the portfolio of critical public facilities, as well as enhance the capacity of DPWH on emergency preparedness and response. The project has four components, namely:</p> <p>a. Component 1: Improving Multi-hazard Resilience of Public Buildings and Facilities; b. Component 2: Improving Emergency Preparedness and Response in Public Works; c. Component 3: Project Management; and d. Component 4: Contingent Emergency Response.</p>	DPWH	15,086.80	ODA	NCR
93	Laguna Lakeshore Road Network (LLRN) Project	<p>The project involves the construction of a 37.6-kilometer primary road with an 11.8-kilometer viaduct from Lower Bicutan in Taguig City to Tunasan, Muntinlupa City, and a 25.8-kilometer shoreline viaduct and embankment from Tunasan, Muntinlupa City to Calamba City. It aims to reduce transportation constraints on the existing road and induce economic development in the area and nearby provinces. The project also aims to provide safer, convenient, and faster travel to motorists coming from north and south of the project area, to various tourist and business destinations in Laguna, Rizal, Quezon, and Batangas.</p>	DPWH	175,696.10	ODA	Interregional
94	Panglao-Tagbilaran City Offshore Bridge Connector (PTCOBC) Project	<p>The New Offshore Bridge Connector is the third bridge connecting the main island of Bohol to Panglao Island. It is a 2.6km bridge with four lanes that will serve as an alternative route of the Jacinto Borja Bridge and Ambassador Suarez Bridge.</p>	DPWH	6,955.59	ODA	Region Specific (Region VII)
95	Second Additional Financing for Philippine Rural Development Project (PRDP-AF2)	<p>The retrofitted AF2 will support programs and projects that will benefit farmers and fisherfolk who are vulnerable during crises and calamities, and contribute to the overall food resiliency of the country. It will complement the government's recovery initiatives under the ALPAS Kontra COVID-19 Program, and support the creation of jobs in rural areas under the new normal. Specifically, the project has four components:</p> <p>(i) Local and National Level Planning (I-PLAN); (ii) Infrastructure Development (I-BUILD); (iii) Enterprise Development (I-REAP); and (iv) Implementation Support (I-SUPPORT).</p> <p>The EU co-financing grant will further strengthen the project's engagement in Mindanao. It will complement the AF2 in supporting and facilitating the implementation of critical infrastructures and provision of capacity building activities for LGU and farmer and fisherfolk organizations, including women and indigenous people (IP) communities, through engagement in viable agri-based enterprises.</p>	DA	19,175.36	ODA	Nationwide

	Project Title	Project Description	Proponent Agency	Total Project Cost (in PhP M)	Funding Source	Regions/ Provinces
96	<p>Italian Assistance to the Agrarian Reform Community Development Support Project</p> <p>Request: (a) 10-month implementation period extension (from 28 December 2020 to 31 October 2021) (b) Six-month loan validity extension (from 11 April to 31 October 2021) (c) Seven-month grant validity extension (from 31 March to 31 October 2021)</p>	<p>It has the the following components: (a) Community Infrastructure Development Support (CIDS); (b) Agri-Enterprise Development Support (AEDS); (c) Local Capacity Building Support (LCBS); and (b) Project Management (PM). The CIDS component includes the implementation of the following rural infrastructures: (a) roads and bridges; (b) rehabilitation of irrigation systems and development of small scale irrigation; (c) level I and II potable water systems (PWS); and (d) post-harvest and storage facilities, among others. The AEDS component provides support to ARBs through: (a) enterprise development and management; (b) market development and commercialization; (c) protection of the environment; and (d) support for sub-division of collective titles. The LCBS component provides technical assistance for capacity building and strengthening of farmer organizations and sub-regional government units involved in providing rural development services.</p>	DAR	2,617.90	ODA	Interregional
97	<p>Priority Bridges Crossing Pasig-Marikina River and Manggahan Floodway Construction Project</p> <p>a. Change in scope b. Increase in cost from PHP 12.80 billion to PHP 15.77 billion</p>	<p>The project involves the construction of the following priority bridges:</p> <ol style="list-style-type: none"> 1. North & South Harbor Bridge 2. Palanca-Villegas (2nd Ayala) Bridge 3. East Bank-West Bank Bridge 2 	DPWH	15,774.47	ODA	Region specific (NCR)

Change in alignment of the three bridges and subsequent change in names.</p>	<p>The project involves the construction of three bridges under ADB financing:</p> <p>Bridge 1: Marcos Highway – St. Mary Bridge (formerly J.P. Rizal – St. Mary Bridge)</p> <p>Bridge 2: Homeowner’s Drive –A. Bonifacio Bridge (formerly J.P. Rizal St. – Lopez Jaena St. Bridge)</p> <p>Bridge 3: Kabayani St. – Matandang Balara Bridge (formerly Marikina – Vista Real Bridge)</p>	DPWH	11,584.28	ODA	Region specific (NCR)
99	<p>Access to Sustainable Energy Programme</p> <p>a. 12-month implementation period extension (from 18 December 2021 to 18 December 2022)</p> <p>b. 12-month grant validity extension (from 18 December 2023 to 18 December 2024)</p> <p>c. Notation of the additional EUR 6 million grant from EU and USD 3 million Swedish International</p>	<p>The Access to Sustainable Energy Program aims to support the Government of the Philippines in achieving inclusive growth through access to electricity and energy services by greater number of Filipinos as specified under the Philippine Development Plan and DOE's Household Electrification Development Plan. The program has three key elements, that will enable DOE to: (i) provide electricity access to at least 100,000 poor households in remote areas primarily in Mindanao; (ii) develop various policy/institutional pro-poor power sector management; and (iii) promote renewable energy and energy efficiency initiatives as part of the overall climate change mitigation policy.</p> <p>The request for 12-month implementation duration and grant validity extensions aims to allow completion of all works and activities for the World Bank-managed and the Call for Proposals components of ASEP(Components 2 and 3, respectively). The said extension will be beneficial to the 30,000 unelectrified households in remote off-grid areas and will also ensure completion of the seven-megawatt solar power plants.</p>	DOE	6,596.65	ODA	Region specific

	Development Agency					
100	Philippines COVID-19 Emergency Response Project Additional Financing 2 (PCERP AF-2)	<p>The additional financing of USD 300 million from WB, along with the USD 250 million from ADB and USD 250 million from AIIB, is expected to finance the country's additional vaccine requirements in 2022, in relation to COVID-19 third or booster shots for around 88 million fully vaccinated Filipinos, and the possible expansion of prioritization to other age groups, subject to securing requisite government and regulatory approvals.</p> <p>In December 2020, the NEDA Board approved the restructuring of the project, i.e, change in scope, reallocation of cost amounting to USD 30 million, and additional financing of USD 300 million in order to support the Government's efforts to deploy COVID-19 vaccines to the population and other necessary interventions to ensure protection of the population against COVID-19. On 24 February 2020, the ICC-TB noted the increase in additional financing from USD 300 million to USD 500 million.</p>	DOH	15,300.00	ODA	Nationwide
101	<p>Second Health System Enhancement to Address and Limit COVID-19 under the Asia Pacific Vaccine Access Facility (HEAL 2)</p> <p>Request: Additional Financing</p>	<p>The HEAL-2 covers the following changes in the HEAL project:</p> <ol style="list-style-type: none"> 1. Change in scope. The DOH requested for the change in scope of the HEAL COVID-19 Project, to include the vaccination procurement. The implementation of the vaccine procurement includes both the access to and procurement of vaccines, once they are effective; 2. Reallocation of cost. As submitted by the DOH, funds amounting to USD 25 million from the HEAL COVID-19 Project, originally intended for purchase of PPEs, will be reallocated for purposes of providing advanced market commitment by the Philippine Government for the COVID-19 vaccines. Advance market commitments aims to both incentivize manufacturers through guaranteed demand to manufacture more vaccines, as well as provide greater access and allocation of new vaccines to low and middle-income countries like the Philippines; and 3. Additional Financing (HEAL-2). The additional financing, amounting to USD 700 million (USD 400 million through ADB loan and USD 300 million through AIIB loan) shall be made available, once the vaccines are effective. <p>Meanwhile, the additional financing amounting to USD 500 million for the HEAL 2 to be co-financed by the ADB and the AIIB, will finance the country's additional vaccine requirements as well as vaccine ancillaries and logistics in 2022.</p>	DOH	60,500.00	ODA	Nationwide
