Project title	Description	Implementing agency	Sector	Grant Amount (in million USD)	Financial status	Area coverage
175 Addressing key drivers of instability, radicalization and recruitment in BaSulTa, Philippines (PE.0015)	The project contributes to addressing the main drivers of instability, radicalization and recruitment in fragile communities of Basilan, Sulu and Tawi Tawi, recognizing their relevance as key transit, harboring and recruitment locations for transnational violent non-state actors. Project activities will promote inclusive governance and social cohesion, prevent radicalization and strengthen referral and assistance mechanisms for fragile and recruitment-prone community members.	DP-Implemented	Governance and Institutions Development	1.14	Ongoing	Region-specific
176 Aligning Lenses Toward Ethical Recruitment (ALTER) (LM.0409)	The project aims to produce and operationalize an ethical recruitment model that supports the interaction between employers, private recruitment agencies, migrant workers, civil society organizations and the Government of the Philippines. This shall be done through extensive engagement and training of labour recruitment stakeholders, the International Recruitment Integrity System (IRIS) Labour Recruiter Capacity Building Program, IRIS Self-assessment for Ethical Recruitment and by utilizing IOM's Ethical Recruitment Due Diligence Toolkit.	DP-Implemented	Social Reform and Community Development	1.20	Ongoing	Nationwide
177 Bridging Recruitment to Reintegration in Migration Governance: Philippines (BRIDGE) (LM.0426)	BRIDGE seeks to support the GoP in achieving its priority objectives of Global Compact for Migration in four thematic areas: Facilitating regular migration, decent work and enhancing the positive development effects of human mobility. This will be accomplished by enhancing Government initiatives to promote fair and ethical recruitment, and reintegration services, and establishing mechanisms to translate evidence into policy and best practices pertaining to recruitment and reintegration.	Multi-Agency	Social Reform and Community Development	0.75	Ongoing	Nationwide
178 Capacity Building Support to the Department of Social Welfare and Development (DSWD) Towards Protection of Mobile and Vulnerable Populations in the Philippines (EP.0019)	The project aims to contribute towards increased capacity and coordination by the Philippine Government, through Department of Social Welfare and Development (DSWD), to respond to the needs of mobile vulnerable populations, including Internally Displaced Persons (IDPs), with enhanced information management, shelter and emergency response that meet international standards.	DP-Implemented	Governance and Institutions Development	1.00	New	Nationwide

236 Implementation of PCB Management Programs for Electric Cooperatives and Safe E- Wastes Management	The project is fully consistent with the priorities reflected in the National Implementation Plan (NIP) as it includes two components specifically addressed at measurably reducing persistent organic pollutants (POPs) from electrical equipment/polychlorinated biphenyls (PCBs) and E-waste/polybrominated diphenyl ethers (POP PBDEs), provision of decision making tools and economic approaches on these issues and a component aimed at raising the awareness of operators, authorities and of the general public on POPs issue. The project grant will support segregation of PBDE-contaminated plastic from the general e-waste stream, and its disposal. The project will also assess possible technologies that may be adopted to address PBDE management. The project will also subsidize the disposal of PCBs from rural cooperatives and to further enhance the suitability of the existing facility to treat all PCB-contaminated materials including solids and metallic parts. Transformer replacement program will be financed through a loan package from DBP. Overall, the project is expected to achieve effective management of POPs-PBDE from Waste and Electrical and Electronic Equipment (WEEE), and PCB wastes and PCB-contaminated equipment assisting the Philippines to meet its obligation to the Stockholm Convention.	DENR	Industry, Trade, and Tourism	6.20	Ongoing	Multi-regional
237 Philippines Stage II HCFC Phase-out Management Plan	<p>The project objective is to support the government in its next obligation under the Montreal Protocol, which is meeting 35% reduction target by January 1, 2020 through eliminating the manufacturing and import of hydrochlorofluorocarbons (HCFC)-22 air-conditioners by 2021 and financing conversion of four eligible air-conditioner manufacturers to hydrofluorocarbon (HFC)-32.</p> <p>Project impact: Minimum of 0.5 million CO2-eq tonnes of emissions avoided, while additional benefits accrue due to the ban on the import of HCFC22 based equipment.</p>	DENR	Industry, Trade, and Tourism	1.01	Ongoing	Nationwide

240 Support to improving public and private sector investments for climate and nature-based solutions in priority agro-industrial value chains towards the integrated achievement of the SDGs in the Philippines (Preparatory Assistance Phase)	<p>The joint programme (JP) aims to accelerate SDG progress in the Philippines by unlocking public/private investments for the food agro-industrial value chain. SDGs 2 and 9 are most lagging (SDSN,2017) and the country's 2019 SDG VNR highlighted financing gaps for CCAM/DRR initiatives. The value-chain approach is taken to show the importance of sectoral climate approaches, catering to system-specific transformation challenges. Priority is given to vulnerable areas and communities/sectors severely-affected by recent emergencies/shocks, (e.g. COVID-19 and bird flu/African swine fever), with reduced capability to access financing.</p> <p>Addressing challenges on investment/financing in the climate-vulnerable food agro-industrial sector offers an opportunity to tackle interlinking SDG concerns. The JP will demonstrate financial innovations for implementing climate/nature-based solutions, scaling-up public/private investments. It will address government-identified considerations for SDG-financing: contributes to reducing inequalities including affordability of basic services by the poor; engenders strong commitment of stakeholders; contributes to resilience to natural and human-induced hazards.</p>	Multi-Agency	Industry, Trade, and Tourism	0.02	Closed	TBD

241 UNIDO Country Programming Framework for Inclusive and Sustainable Industrial Development (2018-2023)	The UNIDO Country Programming Framework (CP) is designed to enhance UNIDO's support to the Government of the Republic of the Philippines to implement a roadmap towards Inclusive and Sustainable Industrial Development (ISID) as stated in the Lima Declaration adopted on 02 December 2013 during the 15th session of General Conference of UNIDO. In doing this, UNIDO has aligned the priorities for the Philippines to the Philippine Development Plan 2017 - 2022, building on the achievements of past projects and programmes. As industrialization is a long-term endeavor involving many stakeholders, efforts will be made to strengthen synergies and minimize duplication by collaborating with development cooperation partners, state and non-state actors, including the private sector in the country. As a framework based on established national priorities, it will be a useful guide for UNIDO's interventions in the Philippines over the next years. 246 2020-21 Biennium Programme Budget	PB 2020-21 supports the Five (5) Strategic Priorities for WHO collaboration with the Philippines, 2017-2022 (Save Lives, Promote Well-being, Protect Health, Optimize the Health System, and Use Platforms for Health)	Multi-Agency	Social Reform and Community Development	12.98	Closed	Nationwide
<b>US</b> United States Agency for International Development (USAID)						
247 ABC+ (Advancing Basic Education in the Philippines)	The ABC+ project helps the Department of Education and education stakeholders to address the interconnected factors that contribute to low education outcomes in poorest performing areas of the Philippines. This project identifies innovative and sustainable ideas on how to address the continuing challenges in literacy, numeracy and socio-emotional learning for children in the Philippines, with a particular focus on systems strengthening.	DepEd	Social Reform and Community Development	38.50	Ongoing	Multi-regional
248 All Children Reading (ACR-Philippines)	This ACR-Philippines project supports reading outcomes for primary learners, with a focus on increasing impact, scale, and sustainability. This activity will also build on the capacity of DepEd to support high impact early grade reading programs through evidence-based actionable research. The support includes conduct of the National Early Grade Reading Assessments (EGRA); four separate language studies in Mindanao, and Educational Exchanges.	DepEd	Social Reform and Community Development	5.21	Ongoing	Nationwide
249 ARMM Health Capacity Building	BARMHealth project partners with the MOH-BARMM to improve access for underserved populations to quality FP, MCH, and ASRH information and services. The project builds commitment and capacity among the government, civil society, and local communities to respond to families' needs and choices across the region's five provinces and two cities, facilitating evidence-based solutions toward achieving improved health outcomes and a sustainable health system.	DOH	Social Reform and Community Development	14.94	Ongoing	Region-specific

Project title	Description	Implementing agency	Sector	Grant Amount (in million)	Financial status	Area coverage
250 Better Access and Communication (BEACON)	BEACON will comprehensively support economic growth by improving access and connectivity to ICT infrastructure and smart logistics securely and transparently. Its focus areas—ICT and logistics infrastructure, enabling environment, and cybersecurity—will increase productivity, facilitate trade, and foster innovation, leading the Philippines to be more inclusive, competitive, and self-reliant.	Multi-Agency	Industry, Trade, and Tourism	33.28	New	Nationwide
251 Buy-In to the National Oceanic and Atmospheric Administration (NOAA) Mission Support Participating Agency Partnership Agreement	Building on its earlier regional work on the Coral Triangle Initiative, NOAA partnered with USAID to strengthen GPH's scientific, technical, and management capacity, and improve environmental and human resilience. NOAA works with DOST, universities, and other stakeholders to support vulnerability assessments, conduct climate and ocean change modeling for fisheries, and address illegal, unregulated, and unreported fishing, to protect and rehabilitate coral reef ecosystems.	DENR	Agriculture, Agrarian Reform and Natural Resources	2.60	Ongoing	Nationwide
252 Cities for Enhanced Engagement and Governance (CHANGE)	The goal of CHANGE is to support strengthened democratic governance in the Philippines by making local governance more responsive. CHANGE will seek: (1) strengthen the enabling environment for decentralization; (2) enhance service delivery capacity, legitimacy, transparency and accountability of participating local governments; and (3) empower citizens by increasing their participation in and oversight of local governance processes in ways that government both approves and support.	Multi-Agency	Governance and Institutions Development	15.00	New	Multi-regional
253 Collaboration, Learning and Adapting for Improved Health (CLAIMHealth)	To improve the health of underserved Filipinos, USAID/Philippines Office of Health needs to strategically collaborate with partners, scale up good practices and adapt programs based on data-driven recommendations. To do this, CLAIMHealth provides technical assistance, advisory services, capacity-building and related logistical support to the USAID/Philippines Office of Health to carry out its monitoring and evaluation, learning and adaptive management of its Health Portfolio.	DOH	Social Reform and Community Development	6.54	Ongoing	Nationwide

**List of Active ODA Grant-assisted Projects  
(As of December 2021)**

Project title	Description	Implementing agency	Sector	Grant Amount (in million US\$)	Financial status	Area coverage
254 Deepening Access, Transparency and Accountability to Improve Natural Resources Governance and Empower Communities (Project Data)	It aims to improve natural resource governance, particularly at the local level, by enhancing policies, strengthening institutions, and empowering communities. It works with the government, industry, and civil society to mainstream transparency mechanisms and multistakeholder dialogues within existing institutions and initiatives. It also assists local partners in establishing regional knowledge hubs to facilitate capacity-building among stakeholders and ensure sustainability of the outcomes.	LGU-implemented	Governance and Institutions Development	0.80	Ongoing	Multi-regional
255 Delivering Effective Government for Competitiveness and Inclusive Growth (DELIVER)	DELIVER assists the GPH, and forge partnerships with the private sector, civil society, industry players, and other development stakeholders to institutionalize innovative and lasting solutions that will help improve government's effectiveness in pursuit of increased trade, investment, economic competitiveness and inclusive growth. The activity helps advance fiscal performance, improve capacity for infrastructure development and strengthen MSME competitiveness.	DOF	Industry, Trade, and Tourism	17.70	Ongoing	Nationwide
256 E-PESO	E-PESO supports the development of economic infrastructure that enabled Filipinos to access new financial products and services. E-PESO assisted the Bangko Sentral ng Pilipinas, in building a more competitive payments environment by opening it up to more players, domestic and foreign investors alike. It supported the launch of the National Retail Payment System in 2015, a policy and regulatory framework for a safe, efficient, reliable, and affordable retail payment system in the country.	BSP	Governance and Institutions Development	20.90	Closed	Multi-regional
257 Education Governance Effectiveness Program	EdGE built the capacity of stakeholders to advocate for local level policy reforms in education. School administrators and local government officials from 91 cities and municipalities nationwide were trained on fiscal management and utilization of local education funds. Local education reform champions were mobilized through membership in Local School Boards and School Governing Councils	DepEd	Social Reform and Community Development	10.97	Ongoing	Nationwide

**List of Active ODA Grant-assisted Projects  
(As of December 2021)**

Project title	Description	Implementing agency	Sector	Grant Amount (in million USD)	Financial status	Area coverage
258 Energy Secure Philippines (ESP)	ESP works on advancing inclusive economic growth by increasing private investment to promote advanced technologies and boost the energy sector's resilience to shocks and stresses. ESP aims to mobilize USD 750 million private sector investments to stimulate 500 megawatts additional generation capacity. ESP's USD 7.5 million grants program aims to catalyze private sector engagement and collaboration with local non-government entities in implementing complementary and reinforcing energy interventions.	DOE	Infrastructure Development	34.00	Ongoing	Multi-regional
259 Evidence-Driven Collaborating, Learning, and Adapting (CLAaimDev)	The activity aims to bolster the capacity of USAID/Philippines to effectively lead and institutionalize CLA within the Mission, with a broader goal of enhancing USAID's development effectiveness. This activity integrates CLA principles into the mission's work to strategically collaborate with key internal and external stakeholders, adopt a culture of continuous learning, and practice effective and agile adaptive management to achieve greater development impact.	Multi-Agency	Governance and Institutions Development	12.70	Ongoing	Nationwide
260 Family Planning/Maternal and Neonatal Health Innovations and Capacity Building Platforms (ReachHealth)	ReachHealth project aims to strengthen and improve access to critical health services for Filipino families. The project aids Philippine communities to reduce unmet need for family planning and decrease teen pregnancy and newborn morbidity and mortality. ReachHealth project supports the Department of Health, Commission on Population and Development, Philippine Health Insurance Corp., civil society, and the private sector to identify and respond to local root causes of poor FP/MNH outcomes.	DOH	Social Reform and Community Development	46.00	Ongoing	Nationwide
261 Fish Right Program	Fish Right uses an ecosystem approach to fisheries management to right-size fisheries and enhance sustainable use and resilience of critical coastal and marine resources. The program works with fisherfolk, LGUs, and community-based organizations to promote improved management of marine key biodiversity areas. By 2023, Fish Right will result in an average of 10% increase in fish biomass due to improved management of 2.5 million hectares of marine waters, benefitting more than 2 million people.	DA	Agriculture, Agrarian Reform and Natural Resources	27.95	Ongoing	Multi-regional

(As of December 2021)**

Project title	Description	Implementing agency	Sector	Grant Amount (in million US\$)	Financial status	Area coverage
262 Gabay (Strengthening Inclusive Education for Blind, Deaf and Deafblind Children)	Gabay is a three-year project that strengthens the access of children who are Deaf, Blind or Deafblind to quality education. It increases enrollment by improving the ability of healthcare and school workers to detect disabilities and to refer them to Special Education programs. Reading proficiency is improved through the teacher training and with assistive teaching and learning equipment. Advocacy with local governments increases attention and resources for children with disability.	DepEd	Social Reform and Community Development	1.81	Ongoing	Multi-regional
263 Global Health Supply Chain – Procurement and Supply Management (GHSC-PSM)	GHSC-PSM project supports the Philippines in reaching the 95-95 HIV testing, treatment, and viral load suppression target through provision of commodities.	DOH	Social Reform and Community Development	2.00	New	Nationwide
264 Health Equity and Financial Protection Platform (HealthProtect)	ProtectHealth supports the Government of the Philippines (GPH)'s implementation of the UHC Act by addressing key health financing bottlenecks. In collaboration with other USAID projects, ProtectHealth will support the GPH to enhance access and financing to meet key TB, HIV and FP outcomes while realizing its goal of achieving universal health care. ProtectHealth builds the capacity of GPH to rapidly and effectively enact reforms envisioned in the new UHC legislation.	DOH	Social Reform and Community Development	11.50	Ongoing	Nationwide
265 Logistics Services in Mindanao	The Logistics Services in Mindanao provides security risk management and transportation services and other administrative support assistance to support short-term visits by USAID personnel and other U.S. Government (USG) officials and visitors in the Mindanao region of the Philippines.	DP-Implemented	Governance and Institutions Development	2.17	Ongoing	Multi-regional
266 Marawi Response Project	The Marawi Response Project (MRP) contributes to the economic recovery and social cohesion of communities in Lanao that were directly affected by 2017 violent conflict. MRP assists displaced entrepreneurs and livelihood cooperatives in reviving their economic activities through commodity, equipment and training support. The project also supports displaced and host communities through civic engagement activities, upgrading of community small-scale infrastructure and youth engagement.	LGU-implemented	Governance and Institutions Development	25.00	Ongoing	Region-specific

**List of Active ODA Grant-assisted Projects  
(As of December 2021)**

Project title	Description	Implementing agency	Sector	Grant Amount (in million US\$)	Financial status	Area coverage
267 Medicines, Technologies, and Pharmaceutical Services (MTaPS)	To ensure uninterrupted availability of health commodities and patient safety, especially for tuberculosis, family planning, and other selected programs, MTaPS/Philippines supports the establishment and institutionalization of effective procurement and supply chain management, pharmacovigilance, and rational use of medicines at the central, regional, and local government levels in the Philippines health system.	DOH	Social Reform and Community Development	15.00	Ongoing	Nationwide
268 Meeting Targets and Maintaining Epidemic Control (EpiC)	EpiC will help meet targets for reaching adults, key, and priority populations by finding those who have not yet been identified as positive, linking those who are positive to treatment, and by keeping those on treatment virally suppressed. EpiC helps promote pre-exposure prophylaxis; increase reach and HIV case detection; enroll more people living with HIV on treatment; retain people living with HIV to achieve viral load suppression; and address social drivers of key population epidemics.	DOH	Social Reform and Community Development	7.64	Ongoing	Multi-regional
269 Opportunity 2.0	Opportunity 2.0: Second-chance Opportunities for Out-of-school Youth will strengthen national and local systems which help youth return to formal schooling, seek employment, or become entrepreneurs by strengthening links between education institutions, markets, local communities, and the various programs that support them. The activity is active in 12 cities nationwide, and will work with government, industry, academia, civil society and the youth themselves to provide over 180,000 youth with the skills and opportunities to improve their education, employment and livelihood outcomes across the Philippines.	Multi-Agency	Social Reform and Community Development	37.50	Ongoing	Multi-regional
270 Partnership for Biodiversity Conservation III	PBC III strengthens environmental law enforcement to improve biodiversity conservation. Working with GPH agencies, PBC helped develop manuals on enforcing wildlife, fisheries, and forestry laws; formulated local and national law enforcement action plans; and facilitated SC's development of Rules of Procedure for Environmental Cases. PBC has also digitized a tool to combat wildlife trafficking and illegal, unreported, and unregulated fishing; and has deputized hundreds of wildlife enforcers.	DENR	Agriculture, Agrarian Reform and Natural Resources	1.00	Ongoing	Multi-regional

**List of Active ODA Grant-assisted Projects

Project title	Description	Implementing agency	Sector	Grant Amount (in million US\$)	Financial status	Area coverage
271 Peace Corps Small Project Assistance V	When Peace Corps Philippines offered to co-locate its volunteers in USAID project sites, volunteers were deployed to biodiversity conservation and environmental resilience projects. Volunteers work with communities to identify common concerns, develop strategies, and implement small-scale projects. Through SPA, USAID and Peace Corps have awarded 45 grants that strengthen capacities of local environment and fisheries officers to protect and manage biodiversity and natural resources.	LGU-implemented	Agriculture, Agrarian Reform and Natural Resources	0.29	Ongoing	Multi-regional
272 PeaceConnect	PeaceConnect engages religious leaders and youth organizations to stimulate social cohesion in Mindanao sites that are vulnerable to violent conflict, including violent extremism. It fosters social cohesion by training and engaging religious and youth leaders to think and act politically and effectively represent their identity groups in support of peace. The project also creates safe spaces for intra- and inter-group dialogues to mitigate and address violent conflict and violent extremism.	MINDA	Governance and Institutions Development	4.89	Closed	Multi-regional
273 Philippines Sustainable Interventions for Biodiversity, Oceans and Landscapes (SIBOL)	SIBOL supports GPH in improving natural resource governance in terrestrial and marine landscapes, stimulating public and private sector investments, and reducing environmental crimes and unsustainable practices, leading to greater ecosystem stability and inclusive green growth. SIBOL envisions a resilient Philippines in which communities, private sector, and government collaboratively protect natural resources from criminal exploitation, over-use, natural disasters, and climate change.	DENR	Agriculture, Agrarian Reform and Natural Resources	22.00	Ongoing	Nationwide
274 PPAP (Philippines Performance Audit Partnership)	Through PPAP, USAID collaborated with the U.S. Government Accountability Office - Center for Audit Excellence to provide high-quality training and technical assistance to enhance the effectiveness of the Philippine Commission on Audit in performance audit. Training areas include research methods, audit message development and audit quality assurance, in line with the standards of the International Organization of Supreme Audit Institutions.	COA	Governance and Institutions Development	1.48	Ongoing	Nationwide

Project title	Description	Implementing agency	Sector	Grant Amount (in million)	Financial status	Area coverage
275 Protect Wildlife Project	Protect Wildlife helps to reduce direct threats to biodiversity within its geographic scope through an integrated approach that focuses on: facilitating behavior change through effective communications; increasing investments in conservation; building capacity in biodiversity conservation and combating wildlife trafficking; improving decision making through evidence generated by science, technology and innovation; and strengthening environmental law enforcement.	DENR	Agriculture, Agrarian Reform and Natural Resources	24.50	Ongoing	Multi-regional
276 Regulatory Reform Support for the Rule of Law in the Philippines (RESPOND)	RESPOND helps to improve regulatory quality that will lead to enhanced competitiveness, and ultimately, contributes to higher levels of investment and trade, inclusive growth and self-reliance. It pursues interventions that enhances market competition to reduce barriers to entry, regulatory burdens and transaction costs for business. It also provides technical assistance that strengthens regulatory oversight as well as transparency and accountability mechanisms.	Multi-Agency	Industry, Trade, and Tourism	10.00	Ongoing	Nationwide
277 RenewHealth: Expanding Access to Community-Based Drug Rehabilitation Program	RenewHealth project supports the Philippine Anti-illegal Drugs Strategy that calls for a comprehensive and balanced approach to drug supply and demand reduction. It supports the Dangerous Drugs Board's strategy on the use of evidence-based and culturally appropriate interventions. It also works with the DOH, DILG, other relevant agencies, and local government units and builds on the Philippine Mental Health law that recognizes substance dependence as a mental health issue.	DOH	Social Reform and Community Development	15.00	Ongoing	Multi-regional
278 Safe Water Activity	Safe Water provides LGUs, water service providers, and watershed councils with information, incentives, and partnerships they require to identify and address barriers to a water-secure future. By applying a systems approach that strengthens upstream to downstream linkages, Safe Water works to increase access to resilient water supply and sanitation services; improve sustainable management of water resources; and strengthen water sector governance in the most water-stressed communities.	LGU-implemented	Governance and Institutions Development	18.44	Ongoing	Multi-regional

Project title	Description	Implementing agency	Sector	Grant Amount (in million)	Financial status	Area coverage
279 Science, Technology, Research and Innovation for Development (STRIDE) Program	USAID STRIDE strengthens the Philippines' capacity for innovation-led, inclusive economic growth. STRIDE is creating a dynamic network of researchers in universities and industry who continuously innovate; entrepreneurs and investors who turn discoveries into products and companies; and a government supportive of initiatives that enable these partnerships to flourish. Since 2013, STRIDE has established working partnerships with over 200 industry partners, 110 Philippine academic institutions, and 25 U.S. universities. It provides support to the Regional Inclusive Innovation Center program of the Philippine government, and provides technical assistance to various agencies for Filipinovation initiatives.	DOST	Industry, Trade, and Tourism	37.86	Ongoing	Nationwide
280 Strengthening Local Systems and Partnership for More Effective and Sustainable Counter-Trafficking in Persons in the Philippines (CTIP-P)	Strength CTIP's primary objective is to organize and consolidate a critical mass of multi-sectoral coalitions in Luzon, Visayas, and Mindanao that will ensure more vigorous, sustained, multi-faceted, and self-reliant CTIP efforts propelled by both public and private resources. The activities implemented are classified into three categories: (1) Comprehensive Service Delivery; (2) Institution and Coalition Building; and (3) Research, Advocacy, and Capacity Building.	LGU-implemented	Social Reform and Community Development	3.00	Ongoing	Multi-regional
281 Strengthening Urban Resilience for Growth with Equity (SURGE)	SURGE helps develop conditions for inclusive and resilient economic growth for a critical mass of cities and surrounding areas outside Metro Manila, Cebu and Davao. SURGE provides technical assistance to help cities and adjacent areas plan effectively, guarantee basic public services particularly access to water and sanitation, enhance the investment climate, promote competitiveness, support sustainable development and reduce disaster risks.	Multi-Agency	Industry, Trade, and Tourism	47.79	Ongoing	Multi-regional
