Notes: <sup>a</sup> Actual data as of December 2021, or most recent available data. <sup>b</sup> May either be the cumulative or incremental target value at the end of the plan period. <sup>c</sup> Indicate one lead responsible agency only. Said agency shall be responsible for reporting progress on the indicator targets. <sup>d</sup> Lead/responsible agency for reporting progress on indicator targets. <sup>e</sup> Subsidiarity analysis will be conducted by GCG to determine the dispositive action (e.g., abolition, privatization, regularization) that must be undertaken for GOCCs. The 2023 target is based on the pilot analysis of 10% of GOCCs that will be conducted in 2023. Plan targets for the subsequent years shall be determined after the pilot test.
