257	Output 1.4	Wash Enabling Environment	This aims to enable Government and partners to have strengthened capacities to develop, implement and monitor coordinated, evidence-based policies, strategies and plans for equitable, gender-responsive and sustainable access to basic WASH services. This includes installation of WASH facilities in communities and HCF, design national handwashing campaign.	UNICEF	UN System	DILG, DOH, NEDA, PSA	Social Reform and Community Development	7.19	01-Jan-22	31-Dec-23	29-Feb-24	Nationwide	Ongoing
258	UNIDO ID 180210	Accelerating the Adoption and Scale-up of Electric Mobility Low-carbon City Development in the Philippines	The proposed project addresses the identified gap and focuses on the development of charging infrastructure (incl. battery swapping) integrated with renewable energy and supporting development of viable e-mobility business models (with focus on 3-wheelers). By this the project will strengthen local energy planning framework, deliver low-carbon, affordable electricity and charging infrastructure, demonstrate viable business models for the private sector, resulting in greater uptake of electric vehicles in the Philippines. This, in turn, will lead to decreasing GHG emissions from transport. The project uses a combined approach of market transformation and market barrier removal (creating enabling environment for public and private sector investment in e-mobility infrastructure) by implementing capacity building targeted at private sector and demonstration of innovative charging and renewable	UNIDO	UN System	DTI, BOI	Infrastructure Development	3.79	17-Aug-23	30-Jun-27	N/A	Nationwide	Ongoing
259	UNIDO 230065	Circular Solutions to Plastic Pollution in the Philippines (Project Preparatory Phase)	It aims to foster a circular economy in the Philippines' plastic sector through sustainable policies. Aligned with Republic Act 11898, it focuses on Extended Producer Responsibility to reduce plastic pollution and a cultural shift towards circular economy practices in plastic value chain management. The project emphasizes governance and policy advocacy, establishing plastic waste management infrastructures, in the food and beverage sector.	UNIDO	UN System	DENR-EMB	Agriculture, Agrarian Reform and Natural Resources	9.31	21-Jul-23	31-Aug-31	N/A	Nationwide	New
260	UNIDO SAP ID: 170126 ; GEF ID: 9921	Global Partnership for Improving the Food Cold Chain in the Philippines/UNIDO-GER	To identify, develop and stimulate the application of low-carbon, energy efficient refrigeration innovation technologies and business practices for use throughout the food cold chain whilst increasing food safety and security. 296	7200AA19CA00002	Meeting Targets and Maintaining Epidemic Control (EpiC)	EpiC will help meet targets for reaching adults, key, and priority populations by finding those who have not yet been identified as positive, linking those who are positive to treatment, and by keeping those on treatment virally suppressed. EpiC helps promote pre-exposure prophylaxis; increase reach and HIV case detection; enroll more people living with HIV on treatment; retain people living with HIV to achieve viral load suppression; and address social drivers of key population epidemics.	USAID	USA	DOH	Social Reform and Community Development	30.38	15-Apr-19	14-Apr-24	N/A	NCR, III, IV-A	Ongoing
297	72049220CA00003	Opportunity 2.0	Opportunity 2.0: Second-chance Opportunities for Out-of-school Youth will strengthen national and local systems which help youth return to formal schooling, seek employment, or become entrepreneurs by strengthening links between education institutions, markets, local communities, and the various programs that support them. The activity is active in 12 cities nationwide	USAID	USA	DepEd, TESDA	Social Reform and Community Development	37.50	04-Feb-20	23-Feb-25	N/A	III, V, VI, IX X,	Ongoing
298	72EGEE18T00001	Peace Corps Small Project Assistance V	When Peace Corps Philippines offered to co-locate its volunteers in USAID project sites, volunteers were deployed to biodiversity conservation and environmental resilience projects. Volunteers work with communities to identify common concerns, develop strategies, and implement small-scale projects. Through the Small Project Assistance (SPA), USAID and Peace Corps have awarded 45 grants that strengthen capacities of local environment and fisheries officers to protect and manage biodiversity and natural resources.	USAID	USA	LGUs	Agriculture, Agrarian Reform and Natural Resources	0.29	08-Aug-18	30-Sep-23	30-Sep-25	IV-B, V, VI	Ongoing
299	72049220CA00005	Philippines Sustainable Interventions for Biodiversity, Oceans and Landscapes (SIBOL)	SIBOL supports GPH in improving natural resource governance in terrestrial and marine landscapes, stimulating public and private sector investments, and reducing environmental crimes and unsustainable practices, leading to greater ecosystem stability and inclusive green growth. SIBOL envisions a resilient Philippines in which communities, private sector, and government collaboratively protect natural resources from criminal exploitation, over-use, natural disasters, and climate change. 314	PHI 2020-31025A	Metro Cebu Intelligent Transportation System Master Plan (MCITSMP)	The project will assist DOTr in evaluating potential ITS solutions through the development of an ITS master plan for Cebu City and its 12 surrounding local government units ("LGUs"). The TA will evaluate the traffic-related issues faced by each of the 13 LGUs in Metro Cebu and recommend traffic control technologies and other ITS solutions for improving the safety and efficiency of regional traffic flows. The TA will identify and rank solutions to these issues, as well as define the technical platforms, infrastructure upgrades, network services, and other systems needed for Project implementation. The TA will also include the assessment of the current capacity of involved institutions. Knowledge transfer activities for relevant DOTr and/or Metro Cebu representatives will be delivered through meetings, discussions, consultations, lectures, technical workshops, and official visits throughout the TA	USTDA	USA	DOTr	Governance and Institutions Development	0.69	15-Apr-21	15-Apr-25	N/A	VII	Ongoing
315	2023-31005A	Vessel Traffic Management System	A USTDA feasibility study to support the Philippines' Department of Transportation (DOTr) in assessing the viability of developing an expanded vessel traffic management system (VTMS) in the Philippines. The Philippine Coast Guard (PCG), an agency under DOTr, inaugurated its first VTMS in 2018 with coverage over the Cebu Strait. As a nation comprised of over 7,000 islands, over 800 commercial ports, and growing vessel traffic activity, the Philippines needs to expand its VTMS capabilities to cover major ports and navigational paths. The feasibility study would assess the viability of potential VTMS implementation at eight (8) to ten (10) selected locations in the Philippines and develop the technical architecture and infrastructure requirements for each location.
